

# Fantasy Fae Adult Coloring Book

The faeries you'll find in the pages of this adult coloring book range across all aspects of the fantasy realms. There are even a few bad faeries for those who lean to the dark side. All twenty five of the highly detailed grayscale coloring pages you will find inside this book feature the fantasy artwork of Tabz Jones. Originally these digital art pieces were rendered in full 3D color, now they are available for you to color at home.
