

Effective Perl Programming: Ways to Write Better, More Idiomatic Perl (2nd Edition) (Chinese Edition)

This book gives a comprehensive introduction to the basic formats and principles of writing English correspondences with clients in international businesses. It covers all the steps in foreign business affairs, such as establishing business relations, inquiry, offer, counter offer, reply to offer, order, order implementation, payment, package, transportation, insurance, complaints, claim of indemnity, settlement of claims, and agency, etc. From a practical point of view, the book gives many examples for students to understand the business affairs and apply them flexibly. The book can be used as a textbook for college students and a coursebook for enterprise training of relevant staff.
