

French Kiss

From the award-winning, national bestselling author whose books are smart... sexy...sensual...[and] legendary!* L.A. architect Nicole Lesdaux has just signed on to create a tree house for record producer Johnny Patricks little girl, Jordi. The hunky single dad has given Nicky an unlimited budget-though she might have agreed to work for free, if it meant watching his sizzingly sexy body by the pool every day. But mixing business with pleasure is one of Nickys no-nos-so she focuses on making this music mogul the Taj Mahal of tree houses. Until Johnnys ex-wife makes off to Paris with their daughter... Since Nicky speaks the language, a desperate Johnny needs her help finding little Jordi. En route, sexual tensions run ever higher. Again and again, the two must fight back the urge to come together. And, as Nicky discovers, Johnny does know some French after all.
