

From Russia with Love (James Bond - Extended Series Book 5)

James Bond is marked for death by the Soviet counterintelligence agency SMERSH in Ian Fleming's masterful spy thriller, and the novel that President John F. Kennedy named one of his favorite books of all time. SMERSH stands for Death to Spies and there's no secret agent they'd like to disgrace and destroy more than 007, James Bond. But ensnaring the British Secret Service's most lethal operative will require a lure so tempting even he can't resist. Enter Tatiana Romanova, a ravishing Russian spy whose defection springs a trap designed with clockwork precision. Her mission: seduce Bond, then flee to the West on the Orient Express. Waiting in the shadows are two of Ian Fleming's most vividly drawn villains: Red Grant, SMERSH's deadliest assassin, and the sinister operations chief Rosa Klebb, five feet four inches of pure killing power. Bursting with action and intrigue, *From Russia with Love* is one of the best-loved books in the Bond canon, an instant classic that set the standard for sophisticated literary spycraft for decades to come. The text in this edition has been restored by the Fleming family company Ian Fleming Publications, to reflect the work as it was originally published. www.ianfleming.com
