

# Glamorama (Vintage Contemporaries)

The author of American Psycho and Less Than Zero continues to shock and haunt us with his incisive and brilliant dissection of the modern world. In his most ambitious and gripping book yet, Bret Easton Ellis takes our celebrity obsessed culture and increases the volume exponentially. Victor Ward, a model with perfect abs who exists in magazines and gossip columns and whose life resembles an ultra-hip movie, is living with one beautiful model and having an affair with another. And then it's time to move on to the next stage. But the future he gets is not the one he had in mind.
