

The #1 One Day Fantasy Sport Memoir for the Kindle. Uncover the world of a one day fantasy sports shark and find out how data is used not only to generate lineups, but also to target poor players. Learn the history of the game and where it is going next. FORWARD: PadreFanTom85 was awful at FanDuel, he must have been loyal to the San Diego Padres to a fault during their 63-99 season in 2015. His lineup always included a few of their players and often played players that weren't starting. Every time Tom was looking for a game (and he played often) I was happy to oblige. Over the past year I've taken about \$1000 from him. Here's the thing, I don't know Tom. I don't even know if that's his name, his username on the popular website FanDuel just has the name Tom in it. There are a lot of Tom's on the site, and I've gotten really good at finding them.
