

Go Slowly, Come Back Quickly

Movie-star Niven has shown his gift for farcical, ribald anecdotes in *Bring on the Empty Horses* and *The Moons a Balloon*, and this novel has its fair share of such wartime/Hollywood incidents. As a full-length story, however, its slow and shapeless, with nothing holding it together except a rather uninteresting hero and a gooeey, routine romance. That hero is Stanislaw (Stani) Skolimowski, blondly handsome son of a Polish diplomat father and a Continent-hopping American mother (divorced). Stani is raised in Europe, goes to high school in California, and just before WW II winds up in England--where mum has married a jaunty ex-Navy type. He boards in London with a popular, cheerfully aging courtesan, supposedly studying so that he can switch to British schools. But Stanis real interest soon centers on well-born musical-revue performer Pandora Bryce, who, though aloof at first, soon shows herself to be a four-star, fur-lined, oceangoing expert in the noblest art of all. And Pandora remains reasonably devoted as Stani, whose parents and stepfather become war fatalities, does his patriotic bit: as an RAF pilot (hes shot down, nearly dies in a dinghy, is rescued, but needs his foot and face rebuilt); as a Bundles-for-Britain war-hero touring the US; as an officer with the liberating Allied forces (he pluckily refuses to turn over anti-Communist Cossack prisoners to the Russians). But once the war is over, the focus largely shifts to ambitious Pandora, whos off to grotesque, idiot-controlled Hollywood with lover Stani in tow. Pandoras name is promptly changed to Jan Ricardo. The butler/cook couple in their hideous Moorish prison of a house turn out to be murderers on the lam..... -- Kirkus Reviews
