

Water (Born to Rule Book 3)

Duncan is filled with rage. All through the long journey from Mu Arae 7 he envisioned his bride as an opulent, curvaceous, dark-skinned beauty, and he ended up with short, thin, light-skinned Raine. He wants to ignore her but the call between them is too strong. He claims her with lust and desperation, not love. Raine accepts that she's Duncan's slave, but she's also determined to explore the underground well. With or without his permission. With so many obstacles against them, can their lust develop into love?
