

A Bugs Heaven

While he is a part of the whole bug reincarnation process, he decides that he wants out. But, before his wish comes true, he must first live a long and fruitful life, while overcoming the many obstacles that life has to offer. Roger then passes away from natural causes, and back off to bug Heaven he goes. While there he meets up again with the Mighty Bug God, who teaches him a lesson, in which only God himself could have taught. This book ends with laughter, and an important message.
