

## Highland Echoes (Fated Hearts Book 2)

Love echoes. Grace Breive is strong and independent because she has to be. She has a wee daughter to care for and, having lost her parents and husband, has no one else on whom she can rely. Driven from the only home she has ever known, she travels to Castle Sutherland to find a grandmother she never knew she had. As Laird Sutherlands heir, Bram Sutherland understands his obligation to enter into a political marriage for the good of the clan, but he is captivated by the beautiful and resilient young mother. Will Bram and Grace follow the dictates of their hearts, or will echoes from the past force them apart?

The books in the Fated Hearts series, including Highland Echoes, stand alone. It is not necessary to read them in order. Highland Echoes is a romance novel. It contains a mildly explicit description of a wedding night. If you prefer either more or less steam you might be disappointed.
