

Vampire and Military Romance Boxed Set (5 in 1): Alpha Male Soldier and Contemporary Vampire Short Stories (New Adult Paranormal Military Romance Series)

Vampire and Military Romance Boxed Set (5 in 1) Book One: Fever More than one hundred thousand hungry souls sat waiting in the darkness for just a spark, something to quench their insatiable desire for the goddess of flame--that fiery temptress that consumed their senses. She appealed to not only the most carnal desires of lust and love, but also the human desire to aspire for more. She inspired the heart and moved the body. Book Two: Thirst for Love Ronan is a creature of the night and has been for quite some time. One night, as he's searching for his next kill, he spots Adara working at her desk in a bookstore. The result is immediate infatuation. He follows her home that night and as she's sleeping he explores her apartment, trying to learn everything he can about her. The next night, he shows up at her store before it closes and purchases a book from her just so he can talk to her. He continues to follow her and watches in horror as she gets struck by a car but is unable to save her. Realizing he has one of two choices to let her live or to change her Ronan makes the decision to turn her into a vampire. Book Three: Memory Bites A young boy hovers near death in a hospital room, his overly doting mother at his side and a calming voice that he hears in the mist of his unconscious mind. He recovers and is visited by the mystery woman. The boy goes through some major life changes including being allowed to go to school like regular kids and getting in his first fight. And, as he grows closer to his strange friend more changes keep coming. The sickly boy grows to be a strong, handsome and successful doctor, full of unlimited promise. But, the only thing he can focus on is how he feels about the woman of his dreams. Like most young couples, they face obstacles to their happiness but how many of those other couples can include the fact that one of them is a very old, natural born vampire?

Book Four: Memories Bite Harder
Annalisas quiet but quite resolute refusal of his marriage proposal hung in the air. He tried to ask several questions, all of them meaning the same thing and choked on every word. Finally, tired of his wild, staring eyes and the sound of the panicked thud of his breaking heart, she just sighed and disappeared leaving the room infinitely colder in her absence. The lovely ghost vampire that he had fallen in love with to the point of nearly throwing away his entire career after being rejected by her was a child killer

Book Five: The Werewolf Genome
Brody is a werewolf whose life is perfect until his brother gets into some trouble with the government. Seems someones out to steal his DNA for a sinister purpose and Brody means to get him back. Serena is a soldier, wary about helping her fellow troops carry on a specific mission: one that involves a seemingly human hostage. So when Brody infiltrates Serenas base, shes willing to cooperate with him, especially because hes hotter than any man shes ever met. Will Serena be able to lead Brody back to his brother? What does the government want with the werewolf hostage? As Brody falls deeper for Serena, will their relationship cause turmoil and end in the death of Brodys brother? Things get steamy as the imminent war gets closer. Its just a matter of whos smarter or stronger. The Army, or the wolves? Which side will Serena choose in the end?
