

## Hong Kong (Insight guides)

Hong Kong-ancient Chinas Fragrant Harbour and now her lucrative, ironic and high-rising Window to the World. Hong Kong-an improbably British colony and cash register built on imperial foreign mud.

Hong Kong-a many-spendoured, money-mad place that works splendidly-on borrowed time in a borrowed place. And now Hong Kong-a book. After more than five years of fascination and frustration, Apa Productions is pleased to present Hong Kong, the ninth and latest of our award-winning Insight Guides about Asia-Pacific travel destinations. Descend into this Chinese-British-Capitalist-Communist place called the British Crown Colony of Hong Kong and learn about tumultuous times past and present through writings and pictures created by an Apa editorial team of more than 20 writers, photographers and artists who intimately know, love and hate this amazing place. Like all Insight Guides, Hong Kong includes more than 450 pages of thoughtful words, fine photography and maps.
