

How to Survive the End of the World As We Know It: Tactics, Techniques and Technologies for Uncertain Times

It would take only one unthinkable event to disrupt our way of life. If there is a terrorist attack, global pandemic, or sharp currency devaluation, you will be forced to fend for yourself in ways you've never imagined. Where would you get water? How would you communicate with relatives who live in other states? What would you use for fuel? Survivalist expert James Wesley, Rawles, author of the bestselling novel Patriots and editor of SurvivalBlog.com, shares the essential tools and skills you will need for your family to survive, including:

Water?the Key Resource: Filtration, transport, storage, and treatment options.

Food Storage: How much to store, pack-it-yourself methods, storage space and rotation, countering vermin.

Fuel and Home Power: Home heating fuels, fuel storage, safety, backup generators.

Garden, Orchard Trees, and Small Livestock: Gardening basics, non-hybrid seeds, greenhouses; choosing the right livestock.

Medical Supplies and Training: Building a first aid kit, minor surgery, chronic health issues.

Communications: Following international news, staying in touch with loved ones.

Home Security: Your panic room, self-defense training, and tools.

When to Get Outta Dodge: Vehicle selection, kit packing lists, routes and planning.

Investing and Barter: Tangibles investing, building your barter stockpile.

And much more. How to Survive the End of the World as We Know It is a must-have for every well-prepared family.
