

Intervening in Africa: Superpower Peacemaking in a Troubled Continent (Studies in Diplomacy)

As the Cold War faded, Ambassador Hank Cohen, President George Bush's Assistant Secretary of State for Africa, engaged in aggressive diplomatic intervention in Africa's civil wars. In this revealing book, Cohen tells how he and his Africa Bureau team operated in seven countries in crisis: Angola, Ethiopia, Liberia, Mozambique, Rwanda, Somalia, and Sudan. He candidly characterizes key personalities and events and provides a treasure trove of lessons learned and basic principles for practitioners of conflict resolution within states.
