

Joe College: A Novel

For many college students, Spring Break means fun and sun in Florida. For Danny, a Yale junior, it means two weeks behind the wheel of the Roach Coach, his fathers lunch truck, which plies the parking lots of office parks in central New Jersey. But Danny can use the time behind the coffee urn to try and make sense of a love life thats gotten a little complicated. Theres loyal and patient hometown honey Cindy and her recently dropped bombshell to contend with. And theres also lissome Polly back in New Haven--with her shifting moods, perfect thrift store dresses and inconvenient liaison with a dashing professor.If girl problems arent enough, theres the constant menace of the Lunch Monsters, a group of thugs who think Danny has planted the Roach Coach in their territory.Joe College is Tom Perrottas warmest and funniest fiction yet, a comic journey into the dark side of love, higher education and food service.
