

La advertencia de Ambler (Books4pocket Narrativa) (Spanish Edition)

Harrison Ambler lleva dos años encerrado en el psiquiátrico de Parrish Island, centro de alta seguridad donde se destina a aquellos agentes a los que la enfermedad mental ha convertido en una amenaza para la seguridad del país. Pero Ambler, que no ha perdido la cabeza, consigue escapar durante el traslado de un preso que ha sufrido un infarto. De regreso en Washington, el antiguo espía descubre que nadie parece recordar su cara o su nombre, y el mismo es incapaz de reconocerse frente al espejo. Además, los responsables de su encierro se han propuesto darle caza y en esta ocasión la consigna es disparar a matar... Es una narración vertiginosa, un personaje en busca de su pasado, un gobierno dispuesto a todo con tal de no mostrar sus trapos sucios. Aun después de muerto, el creador de Jason Bourne sigue siendo el gran maestro del thriller internacional. / Harrison Ambler escaped from a Psychiatric center for threat agents to national security. In Washington no one remembers his face, and worse, he can't recognize himself in the mirror. Those responsible for his confinement are in a hunt to shoot and kill. This is a character in search of his past, a government willing to not show their dirty laundry, even after death.
