On an undersea mission to find a giant octopus from her past, oceanography expert Dr. Hannah Storm finds herself torn between the man she loves and the sea creature that once saved her life. Seduced by the tentacles that invade her dreams and pleasure her body, Hannah is drawn into the dark waters of the Atlantic Ocean. When she discovers the octopus true intentions, will Hannah cling to life on land or submit to her erotic undersea desires? WARNING: This 4,000 word paranormal tale of Undersea Seduction includes adult themes, including tentacle monster sex, tentacle breeding, oral sex, hot MF sex and a heart-wrenching love triangle between a man, a woman and the sea creature she cant resist!EXCERPT:The moonlit night was calm and cool. Barefoot, Hannah walked to the railing and peered over the side into the black water below. As expected, there was nothing to see.She heard a rustling sound and turned, but nobody was there. She was alone on the deck. Come to us, Hannah. The rustling was actually a whisper in her head, a telepathic voice from her past.I dont understand, she replied with her thoughts.Let us pleasure you. Hannah felt an invisible caress, followed by an undeniable urge to shed her clothes and enter the water. Thats it, Hannah, come to us. The whisper was beckoning her and she felt powerless to resist. Naked, she climbed onto the railing of the ship and dove into the darkness, her perfect form causing just a small ripple on the waters surface.The familiar octopus was waiting for her and she was drawn into his waiting tentacles.
