

LOGICAL - Transnational logistics improvement through cloud computing and innovative business models (Italian Edition)

Il volume presenta interventi e studi relativi al progetto europeo LOGICAL, finanziato dal programma europeo Central Europe e focalizzato sui temi dell'informatica e del cloud computing applicati alla logistica. La prima parte del volume contiene gli atti della Conferenza internazionale che si è tenuta a Bologna su questi temi. La seconda parte presenta un modello di business plan per l'implementazione dei servizi di logistica innovativa nei Paesi del Centro Europa che sono stati partner del progetto.
