

Loves Charade

From New York Times bestselling author Jane Feather comes a thrilling romance of surprise and suspense, as one man discovers falling in love is the most dangerous thing he has ever done. . .When Justin, Earl of Linton, found a half-starved child on the streets of Paris in the highly charged days before the Terror, his only thought was a bit of charity. He never imagined he would find an incomparably lovely young woman beneath tattered boys clothing--or that she would inspire in him a passion more intense than any he had ever known. But the beautiful Danielle had more secrets in store. . .and Justin would soon learn that one of them was a need for vengeance that might endanger them both.
