

Make Money Online: How I Created a Six Figure Income Giving Away a Dead Guys Book

Vic Johnson's advice has added tens of thousands of dollars to my business over the past year. In fact, one of his ideas added over \$100,000 revenue in one month. Pay attention to him and his material, you will be glad you did. Vic is one of the best things that ever happened to my business. - Bob Proctor, Best-selling author and star of The Secret DVD His first course that I purchased for \$60 got me into the industry. I listened to it and wrote everything down point by point and did as much as I could. I made \$8,000 on one site alone. - Roger Gauthier, CEO, Tri-Vision Global, Inc. Vic is truly a master. He took an idea, a dream, a vision he had, and methodically built it into a mini-empire. Vic is not only one of the most prolific marketers on the Internet today; from dealing with him personally on numerous occasions, I can also vouch that he's one of the most honest, ethical and downright nicest, as well. It's often been said that if you want to find the diamond mine, first get yourself the best possible map. If your goal is to create a six-figure income via the Internet, then the map in this case has an actual name.
