

Five-Star Trails: West Virginia's Monongahela National Forest: Your Guide to the Areas Most Beautiful Hikes

A whopping 900,000 acres, the mighty Monongahela National Forest is the heart and soul of West Virginia and a natural getaway for hikers and weekend backpackers. Five-Star Trails: West Virginia's Monongahela National Forest leads hikers to classics, such as High Falls and Seneca Rocks, as well as such lesser-known but equally scenic hikes as Canyon Rim and Laurel Creek. The 2nd edition of Five-Star Trails: West Virginia's Monongahela National Forest has been completely revised. Veteran author Johnny Molloy used his decades of exploring West Virginia's largest national forest to choose only the best hikes, covering the mosaic of experiences to be had in the Monwhether to rocky overlooks, deep into untamed wildernesses, to backcountry waterfalls, even to botanically rare and rich parcels special places one and all. To this end, Molloy has completely rewritten the book, rehiking hikes from the previous edition and adding more than a dozen new hikes for this edition. All the maps and elevation profiles have been professionally redone, and new photographs have been taken. Together, these new elements have been fashioned into a guide worthy of West Virginia's fabulous national forest that is the Monongahela.
