

Microsoft Windows Registry Guide, Second Edition

Get the in-depth information you need to modify and seamlessly manage the Windows registry. Written for IT professionals and power users, this vital resource reveals little-known registry techniques, tricks, tips, and secrets to make your job easier. Understand the inner workings of the Windows operating system and use the registry to get Windows Server 2003 and Windows XP to run the way you want, on a single desktop or across the network. You'll learn how to pinpoint registry settings and script registry changes, deal with registry permissions, use Windows Installer, and map Tweak UI settings. Also, find best practices for how to back up, restore, and maintain registry settings with confidence. The CD includes 100+ registry files for customizing operating system appearance and behavior, and the complete eBook. You'll learn how to:

- Apply best practices to back up, restore, manage, and modify the registry
- Customize group and system policies to manage multiple PCs and users remotely
- Track down registry settings and script changes
- Optimize server services, including network connections and authentication
- Deploy user profiles and Microsoft Office program settings
- Configure security services, including Windows Firewall, templates, and service pack features
- Troubleshoot the registry, resolving common problems and corruption issues

A Note Regarding the CD or DVD
The print version of this book ships with a CD or DVD. For those customers purchasing one of the digital formats in which this book is available, we are pleased to offer the CD/DVD content as a free download via O'Reilly Media's Digital Distribution services. To download this content, please visit O'Reilly's web site, search for the title of this book to find its catalog page, and click on the link below the cover image (Examples, Companion Content, or Practice Files). Note that while

we provide as much of the media content as we are able via free download, we are sometimes limited by licensing restrictions. Please direct any questions or concerns to booktech@oreilly.com.
