

## Mo Said She Was Quirky

James Kelman, the Man Booker Prizewinning author of *How Late It Was, How Late*, tells the story of Helena sister, a mother, a daughter a very ordinary young woman. Her boyfriend said she was quirky but she is much more than that. Trust, love, relationships; parents, children, lovers; death, wealth, home: these are the ordinary parts of the everyday that become extraordinary when you think of them as Helen does, each waking hour. *Mo Said She Was Quirky* begins on Helens way home from work, with the strangest of moments when a skinny, down-at-heel man crosses the road in front of her and appears to be her lost brother. What follows is an inspired and absorbing story of twenty-four hours in the life of a young woman.
