

The Good Times Are Killing Me

Nationally syndicated cartoonist Lynda Barry's moving, quirky and honest first novel about a young girl's coming of age--which has also been a hit off-Broadway play--is back in print, with new artwork by the author. In *The Good Times Are Killing Me*, Lynda Barry reveals her masterful way with story, memory, and feelings, and anyone who lingers in Edna Arkin's world will be the better for it.
