

The Undead: Headshot Quartet (Four Zombie Novellas)

Join authors D.L. Snell, John Sunseri, Ryan C. Thomas, and David Dunwoody as they fire four more rounds into the growing horde of living dead. *

MILLION-DOLLAR MONEY SHOT: The dead are rising in Aruba, and Vince has just made off with a couple million in mob money. As if mob hit men and rotting corpses weren't bad enough, the big trouble is the creatures in the water-the ones who only come onto shore at night... *

MORTAL GODS: A man with the ability to call objects into existence awakens in a zombie-swarmed alley with no memory of his past. Aided by a duo of heroes-one incredibly strong, the other psychic-he digs to uncover his identity and the source of his gift in a nightmarish landscape infested with mysterious creatures. *

LOST SOULS: Three art students on a working vacation at an isolated New England cottage make a terrible discovery. The rustic setting seems to be perfect inspiration, but their lives are quickly consumed by the ghastly legacy of what lives beneath the nearby cemetery. *

ENEMY UNSEEN: Its not the sight of the walking dead that scares CIA agent Rhonda White. Its the fact that someone is controlling them-someone whose new bio-weapon is up for bid on the black market. And if Rhonda doesnt stop it, the world will never be the same.
