

The Kinder Edda

A collection of stories based upon the Poetic and Prose Edda of Norse Mythology, with the addition of unique stories. Beautifully illustrated the stories come to life like the stories were once told through oral tradition and picture stones. Written in a easy to understand format using English, unlike other retellings of the Eddas that use difficult language; this book is intended to spur interest in children and young adults; adults will also enjoy reading the Kinder Edda.
