

Age of Godpunk (The Pantheon Series)

WHOM THE GODS WOULD DESTROY...AGE OF ANANSI: Dion Yeboah leads an orderly, disciplined life... until the day the spider appears. What looks like an ordinary arachnid turns out to be Anansi, the trickster god of African legend, and its arrival throws Dions existence into chaos. He is summoned to America to take part in a contest of trickery. Its a life-or-death battle of wits, and in the end, only one person will be left standing...AGE OF SATAN: 1968. Guy Lucas is sent to an old-fashioned boarding school, where he is bullied and abused. A fellow student persuades him to perform a black mass and plead with Satan to intervene, with horrific consequences. For the next ten years, the shadow of Satan is cast across his life; he flees, but tragedy follows him. Eventually, he must confront the Devil, and learn the truth about himself...AGE OF GAIA: Billionaire Barnaby Pollard, energy magnate, has the world at his feet. The planets fossil fuel resources are his to exploit, as are the size-zero girlfriends he loves and leaves in endless succession. Until he meets Lydia, a beautiful and opinionated eco-journalist. Shes the very opposite of the kind of woman he normally dates: large and outspoken, with a firm belief that Mother Nature is not to be tampered with...All three novellas are now collected in a single volume; the ebook edition also includes bonus content: interviews and blogposts by the author.
