

Expecting It All (The Passion Series Book 5)

Have you ever wondered what happens to the relationship when age-play couples decide to have children? Derek and Rachel Parker have been married for five years, and while Rachel adores her Daddy, and being his little girl, she longs to have a baby of her own. When she finally becomes pregnant, Rachel is overjoyed, but all too soon she begins to realize that a baby changes everything. How can she still be her Daddys little girl when she becomes a mother herself? None of the pregnancy advice books say anything about maintaining a healthy age-play/BDSM relationship in the face of real parenthood. Derek, too, finds himself tormented by sudden fears and doubts. He loves caring for Rachel as a BDSM Daddy, but this will be different. Hes going to be a real father to a real infant; wholly dependent on him for round-the-clock care and nurturing. Can he do it? Expecting it All takes a deeper look into the psychology and love behind age-play. Dont miss this opportunity to get a front row seat as we watch two beloved characters from the Passion Series have their new, exciting futures shaped by childbirth and parenthood, through tears and laughter. All the characters you know and love from Grants powerful ensemble cast make an appearance in this, the fifth, fun, and light-hearted installment of Livia Grants best-selling series! Best of all, this book can be read as a standalone!
