

High Performance Embedded Architectures and Compilers: Second International Conference, HiPEAC 2007, Ghent, Belgium, January 28-30, 2007. Proceedings ... Computer Science and General Issues)

This book constitutes the refereed proceedings of the Second International Conference on High Performance Embedded Architectures and Compilers, HiPEAC 2007, held in Ghent, Belgium, in January 2007. The 19 revised full papers presented together with one invited keynote paper were carefully reviewed and selected from 65 submissions. The papers are organized in topical sections.
