

Prepper Paracord: Quick Deploy Sinnets

The quick deploy sinnets in this book are designed to be rapidly pulled apart in less than 60 seconds once the stopper knot is untied. A prepper, survivalist, or scout can use these designs when a need arises and put their acquired skills to the test. Prepper Paracord: Quick Deploy Sinnets will guide the reader step-by-step on how to make 15 sinnets featured in this book. Paracord, or parachute cord, has evolved from its use for suspension line in parachutes to decorative knots to quick deploy sinnets to problem solver.
