GUNNARS GAME Gunnar Tersch has never met a man he couldn't defeat. There's no one stronger than this Viking come to life, and he knows it. When the team needs an extra push, he unleashes the berserker inside him and clears a path through the enemy. Except lately, it's all he can do to control the monster within. It's worse since he knows the truth about Ava, the woman his beast, his berserker, and Gunnar, the man, want to claim as mate. Yet Gunnar can barely say the word love without sneering. A tragic event in his past has assured him he's not a safe man to be around: the violence that rages inside him can too easily hurt those he loves. But Ava won't keep her distance, convinced she can trick him into loving her. Too late, because he already does, though he has no plans to act on his feelings. Soon Gunnar has more to worry about than the crafty beauty, because there's deceit at the heart of their team. Only by trusting in himself and his feelings can Gunnar help avert the end of Dawn Endeavor and all he holds dear.

GRAYSONS GAMBLE Grayson Belle is one in a million. Unlike the government's manufactured Circs, Gray was born with the ability to shapeshift and has a heightened sense of telepathy. But lately, his world has gone to hell. He's prepared to throw in the towel after his current mission. He's seriously messed up, lusting after his irritating partner, Bas, whom he's not even sure he likes. And then, Al Ross, the rogue Circ he's been sent to kill, turns his heart inside out and his resolve to nothing. He's losing his edge, because he wants to mark both Circs as his own. But if he does, what will that mean to the future he's mapped out for himself? He'll have to gamble on his instincts to ignore what his head is telling him. Sometimes being rational means less than nothing if the heart isn't happy. And Gray will be damned if he'll let himself lose at love. Now he and his partner just have to convince one stubborn female to take that

same chance. Publishers Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: anal play/intercourse, dubious consent, male/male sexual practices, menage (m/f/m) restraints.
