

## Free Comic Book Day 2014: Project Black Sky #5 (Dark Horse FCBD)

When a biological weapon is hijacked from a secret facility in Nevada, the president calls in two of his top guns: Captain Midnight and Brain Boy! Will the two disparate heroes, a time-displaced inventor from World War II and a snotty psychic Secret Service agent, be able to work together to stop the threat released from Block 13? And what does the mysterious rogue agency Project Black Sky have to do with it?! Written by New York Times best-selling author Fred Van Lente (Archer and Armstrong, Conan and the People of the Black Circle)! Featuring a cover and interior art from Michael Broussard (Incredible Hulk, Artifacts, The Darkness)! A perfect jumping-on point for Captain Midnight and Brain Boy! Praise for Brain Boy #1 by Fred Van Lente: A fun read with a dynamic, surprise ending that puts Price in a bad spot and gives readers something to look forward to, Brain Boy #1 is another solid, unexpected offering from Dark Horse.? -Comic Book Resources
