

Railroadiana II The Official Price Guide for 2011 and Beyond

Signed and numbered this limited hard bound edition will be a welcome addition to any library. Only 500 printed so don't miss out on adding this one to your collection. After 10 years Railroad Memories is proud to announce the publication of our newest price guide. This new guide is the updated version of our first book Railroadiana the Official Price Guide for 2000 and Beyond which proudly sold over 7000 copies. Based on 25 years of dealing exclusively in Railroad memorabilia through catalog auction sales. Our experience with the auctions has allowed us the opportunity to handle literally tens of thousands of different items over the years. Our website alone has over 11,000 items pictured. America has had a long time fascination with railroads. For those who remember the great years of traveling across the country by Steam or Diesel streamliner, the memories are fast fading. But in this day of renewed fascination with railroad memorabilia, collectibles are keeping the history alive. This book is a veritable museum with over 4500 black & white photographs as well as 16 full color pages covering 34 chapters devoted exclusively to rail antiques. Whether you are a railroad history buff or simply enamored by the lure of the rails, this treasury has something for everyone.
