

Ratchet In The Office (BWWM Interracial Romance)

He held Moniques legs up in the air as she lay on the boardroom table. He positioned himself between her legs, his massive pale python hanging low. Monique was having a boring day at work, practically nodding off during a presentation. But then Thomas walked in, over six feet tall of broad-shouldered white man. She thinks she has the upper hand, but before the night is over shell be bent over, used, and love every minute of it! Only for grown folks who have fantasized about someone at work! Over 4,500 words of a sista getting manhandled by an alpha pale!
