

101 Things Husbands Do to Annoy Their Wives

Handbook for successful marriage. This book gives rational and hilarious explanations to one of life's great mysteries: why men do the (annoying) things they do. It helps both spouses understand, among other things, why men dream while driving, forget people's names, don't listen when wives speak, and dominate the remote control. Ray Comfort asserts that the two keys to a happy marriage are understanding and forgiveness. Side-splitting laughter has got to be the third key. Discovering idiosyncrasies common to both husband and wife will help you feel better about your marriage. Special chapter How to Make Your Marriage Blossom. Dedicated to Ray's wife Sue, who helped him write it in ten minutes.
