

## Rise of the Order (A Jake Adams International Espionage Thriller Series Book 5)

Follow Jake Adams on his fifth thrilling adventure in this international thriller series. Jake is back in Europe, trying his best to stay out of trouble. But that's never easy for him. What seems like a standard murder investigation turns into a complex conspiracy that will rock the institutions of Europe, and thrust Jake into an insidious plot that pits the old world of the Teutonic Order against new nanotechnology.
