

Running Away From Richard

Just graduated from drama school, Lizzie Jordan is looking forward to a glittering career at the RSC. She's also looking forward to becoming Mrs Richard Adams (Lizzie just knows that her live-in artist boyfriend is about to propose any day now). So how come, just one month later, Lizzie finds herself sharing a cockroach-infested house in Venice Beach, California, working as a waitress in a notorious transvestite bar, and pretending to be the fiancée of one of the hottest directors in Hollywood; a man who just happens to be gay? Why does life never seem to work out the way Lizzie Jordan planned?
