

Scroll Saw Picture Frames

When a prized picture of yours is worth a thousand words, its worth framing it so you can display its value and distinctiveness. With your scroll saw, you can make a variety of beautiful and unusual frames, which you wont find in a department store or even a frame shop: * a driftwood frame for a photo of an ocean holiday * a Victorian winter village frame for a Christmas gift photo * a frame shaped like a wedding bell * a combination bookend-picture frame * a nostalgic LP-shaped frame for your favorite recording star Basic instructions, fully illustrated, show you how to use your scroll saw on the special cuts and patterns, with special captioned photos for all the most imaginative and unique styles. Many can be completed in one afternoon. 128 pages, 8 1/2 x 10.
