

Franklin GRE Vocabulary SR3x Memory System: Learn 300% Faster with Systematic Revision Online Software and MP3 Audio Download

This GRE Prep Book comes with SR3x online systematic revision software with all the words from 19 CDs and MP3 audio download, so you can memorize 3 times or 300% faster. The GRE Vocab SR3x Memory System is a powerful, comprehensive system. 1. You get, in the book form, all the 3861 words, meanings, and for most words, memorable sentence fragments. 2. You also get 2-year membership to Online Computerized Systematic Revision for Long Term Memory and Recall. With this software you can memorize 300% faster than the audio alone. 3. And, you also download mp3 files of 19 audio CDs of GRE vocab. Why is vocabulary so very important on the GRE test? It is so important because for most people it is more difficult to memorize vocabulary than to improve math skills. So if you can memorize the high frequency GRE words (which others find difficult) it can help you get high GRE score. Content The words are given in bold (example, the words belabor and buttress below). The meaning is given after the equal sign (=) following a word. The words are not necessarily in alphabetical order. We have used the US spellings. The British spelling of a word, when different from the US spelling, is given in bracket after BRITISH as shown for the word belabor below. USE gives a sentence fragment carefully chosen for memory. When no sentence fragment is given, a * is shown as in the word buttress below. belabor = to assail verbally, to insist repeatedly or harp on USE = belabor a point buttress = support USE = * Online Systematic Revision and Audio Download are a Game Changer Instructions to get password and download link are at the end of the book.
