

## The Shadow of the Trojan Horse (Shadows from the Past Book 3)

The Trojan War is just a game for the gods and goddesses of ancient Greece, but its no laughing matter for Joe and Jemima Lancelot when they find themselves transported back to ancient Troy amidst all the horrors of the deadly conflict. Still on the trail of their missing parents who are lost somewhere in the mists of time, the twins, together with their friend Charlie and their remarkable talking cat Max, try to prevent the destruction of the famous city. Can the children persuade the Trojans to reject the Greeks gift of the Wooden Horse or will it prove impossible to change the course of history?
