

## Sharper Than A Serpents Tooth (Nightside Series Book 6)

My name is John Taylor. Im a PI for hire in the Nightside, the dark and corrupt city within the city of London. Where the sun never shines and where pleasure and horror are always on sale for the right price. Not a nice place to visit or a nice place to live. So you wouldnt think I would care that it was about to be destroyed, by none other than my very own long-missing, not-quite-human mom. But I do. I was born here, I live here, and I got friends here. They might not all be acceptable in polite company, but theyre my friends, nonetheless. I know that Im the only one who can stop her. The trick is, how to do it without fulfilling this prophecy that says whatever action I take, not only is the Nightside doomed, but the rest of the world will soon follow
