

*** Mature Content; Strong Language; Strong Sexual Content*** “Life is like an easy little lick, a signature flourish of my drumsticks to make a song my own. Something I can do in my sleep. Effortless and smooth. No drama... until I met her.” Cody Driscoll cruises through life with a constant, steady beat. Mechanic by day, he’s the drummer for the Bangin’ Mofos at the Copperline Bar by night. Tearing it up on the drums provides an outlet, a release that soothes the stress of the world around him. But when the withdrawn and reticent Ilsa starts working at the Copperline, Cody catches a glimpse of something nobody else seems to see - a beautiful, tenuous heart. Someone to shelter and shield. Her loneliness strikes a chord that resonates through his soul, no matter how much she tries to push him away. As her past comes to light, the promise of their love unravels. Cody realizes the extent of her tangled and tumultuous fear. Her secrets test his conscience, and he stumbles, unsure how to make sense of his stubborn honor in a world that isn’t always black and white. The pulse of life can shift in the blink of an eye, and ugly fallout can bring a man to his knees. But can the lies that break him make him stronger?
