

Dangerous Pursuit (The Protectors Book 1)

Reading about danger never prepared Samantha Prince for the desperate phone call from her brother in Brazil that sent her from the safety of her New Orleans bookstore into the rugged, inhospitable Amazon in search of him and a hidden treasure. And reading about romance never prepared Samantha to resist the mysterious appeal of Brock Slader, a guide she hired to help her in her quest. Alone with Brock in an alien world of orchids and anacondas, primitive headhunters and very up-to-date gunmen, she struggles to keep their relationship strictly business. Will Samantha survive the dangers in the jungle only to have her heart broken by a man who lives on the edgeno strings attached?
