

## Over His Knee (BDSM Spanking, Domestic Discipline, Erotic Romance)

Do you need a spanking, Laura? Now free for a limited time as a special holiday promotion! Those words had been in Lauras mind from the moment her gentle boyfriend had calmly voiced them in a fight. Shed been outraged, of course, but it hadnt stopped her from imagining it again and again. It didnt mean anything, of course - Mike had never done more than drop a warning or two since that night, and he wasnt that sort of guy. Despite her unexplained curiosity, Laura knew nothing would come of it - and it certainly wasnt worth worrying about after a long day at work when all she needed was to collapse in front of the TV. After all, her sweet, caring guy would never be able to bring himself to actually hurt her. Would he? Warning: This book contains BDSM spanking scenes with domestic discipline and punishment themes. Intended for readers 18+ only. Excerpt Not tonight, Mike. I turned back and curled further into the sofa, not caring what he thought. I deserved a night of self-indulgence, damn it! He didnt say anything else as he looked at me, and I waited for him to turn and go back to where hed obviously been grabbing something for dinner. The adverts flicked on and I sighed irritably as my distraction from his disturbing gaze disappeared. Unable to resist the draw of his attention, I glanced back to him and was surprised at the unfamiliar determination written over his face the intensity that Id glimpsed earlier there in a much stronger force. My breath caught for a moment as something strange ran through me and then he was there beside me, walking up abruptly and turning the TV off with a flick of the remote as he sat down on the sofa next to me. Hey--! My annoyed objection was cut off as he reached over and pulled me firmly across his lap, my arms spinning above me as I tried to balance he saved me before I fell face-first into the floor and I ended up balanced precariously across his thighs, my

legs and arms spreading out as I yelled. My heart rate jumped up and my mind ran wild as the things that had just briefly flitted through my mind earlier were now happening. I automatically attempted to lurch up in surprise but he held me down with ease, and when I turned back to meet his gaze, his intense eyes were completely unwavering in its scrutiny. And underneath its pure heat. My libido shuddered within me and I tried to remind myself that this was outrageous that there was no way I should be allowing this. He didn't have any right!
