

Squadron Supreme Vol. 1: The Pre-War Years (v. 1)

It all starts here! Hyperion, Nighthawk, Blur, Power Princess, Doctor Spectrum and the rest of the deadliest super-team around are joined by a new group of super heroes, as only J. Michael Straczynski and Gary Frank can imagine! As the U.S. government plots to create two teams of super-powered agents to crush enemies both domestic and foreign, Mark Milton - a.k.a. Hyperion - has plans of his own. Plans that could uproot the governments control over its super-powered population and force them to contend with the ever-growing threat of Marks constant insubordination. Collects Squadron Supreme #1-5; Saga of Squadron Supreme.
