

First Steps (Steamy Forbidden Taboo Explicit Romance)

You can only have your first time once, might as well do it with someone close. The calculus in college is tougher than it was in high school, and Laurie needs a little help, but the only one around to do that is the alpha man of the house. He's happy to help his wife's little darling, but when he finds out how innocent and untouched the young beautiful woman is, he can't help but teach her something else. Something, forbidden. Something taboo. Something hard, fast and without protection.
