Streetwise East Hampton Map - Laminated City Street Map of East Hampton, New York - Folding pocket size travel map with integrated LIRR tracks & Jitney stops This map covers the following areas: Main East Hampton Map 1:36,000 Montauk Map 1:36,000 East Hampton embodies rural glamour. Where else can you find Tiffanys and a farm stand within 2 miles of each other? Bicycles share the road with Bentleys, and vintage pickup trucks are admired as much for their status as their practicality. Much is made of the concentration of wealth and celebrities, but its the natural beauty that is the real star. The wide sandy beaches are some of the most beautiful in all of America. The light, in the summer particularly, is clear and warm. Weathered shingle houses stand among the dunes and tree lined lanes. This area used to be known as a collection of potato farms and artists studios. Now, new houses dot the fields instead of potato plants in almost equal numbers. The original artists who made the area famous as a creative haven have been replaced by a younger generation who also cherish the light and beauty inherited from Mother Nature. Getting around the township of East Hampton can be challenging. Winding roads, new growth and snarling traffic during the season can combine to create a navigational nightmare, unless youre equipped with the STREETWISE East Hampton Map. Known as the map of the Hamptons, the STREETWISE East Hampton Map covers everything from Wainscott to Montauk. Hotels, restaurants, shopping areas, parking, parks, cemeteries, beaches, and places of interest are all marked on the map and listed in the index. Sag Harbor, officially half in East Hampton and half in Southampton Townships, and North Haven are also depicted on the map.
