

SUBTROPOLIS THREE

Wickedly Funny Sci-Fi Spoof In a post-apocalyptic below-earth society, procreation has been reduced to obligatory sperm and ovum deposits at the reproduction bank. The bionic humanoids of Subtropolis Three have lost not only control of their bodies but of their entire world, manipulated by their overlords, The Fed, who goad them into massive, perpetual debt to ensure their enslavement. Only when a smart, sexy, female Drone encounters a nerdy, Alpha Elite male, do they hook up the way God intended, then unite to lead their society to a new and more promising life. (Novella-length).
