

Superman: Wedding & Beyond

Since the very first time the feisty Lois Lane verbally needled the mild-mannered Clark Kent, it was clear that this magical couple was destined to be together. Through years of rivalry and romance, the two have become integral parts of each other. *Superman: The Wedding & Beyond* celebrates this legendary relationship by reverently documenting the ultimate moment of their love: their wedding. Focusing on Lois and Clark, this book presents a realistic look at the emotions, thoughts, and actions of two people who are truly in love on the most important day of their lives. Its all here, the bridal shower, the bachelor party, the rehearsal dinner, and more. This is the story that took over fifty years to tell, and one that should not be missed.
