

Tapestry

Beginning in 1920, paralleling Hitler's rise to power, and encompassing World War II, Belva Plain's new novel weaves the threads of history into a brilliant tapestry. As vivid events plunge the world into a dizzying vortex of change, an unforgettable American family must summon up extraordinary courage to face birth, death, murder, illicit passion, and a great tragedy... and one passionate man must fight his own war against an evil war that can be won only with honor, integrity, and love.
